Professional Summary

Motivated and detail-oriented **Cloud & DevOps Engineer** with hands-on expertise in multi-cloud infrastructure (**AWS, GCP, Azure**), containerization (**Docker, Kubernetes**), version control (**Git**), and **Linux** administration. Proven capability in optimizing deployment workflows, enhancing system security, and building scalable cloud architectures. Passionate about leveraging infrastructure automation and continuous integration to accelerate application delivery.

Technical Skills

- **Cloud Platforms:** Amazon Web Services (AWS), Google Cloud Platform (GCP), Microsoft Azure
- **Containerization & Orchestration:** Docker, Kubernetes (EKS/GKE)
- **CI/CD & Version Control:** Git, GitHub, Automation Pipelines
- **Operating Systems:** Linux (RHEL, Ubuntu, CentOS), Shell/Bash Scripting
- **Core Competencies:** Cloud Architecture, Infrastructure Management, System Troubleshooting, CI/CD Workflows

Education & Certifications

- **B.Tech in Civil Engineering** | Dr. Babasaheb Ambedkar Technological University | 2022 | CGPA: 9.32/10
- Cloud DevOps Engineering with Python and AI at **CloudBlitz**

Project

Deploying a Multi-Tier Student Management App on AWS

- I recently built and deployed a production-style, multi-tier application leveraging AWS Cloud Infrastructure, Spring Boot, and MySQL.
- **Cloud Database Provisioning:** Configured an AWS RDS MySQL instance and connected it securely to an EC2 application server.
- **Web Server Hosting:** Configured Apache on EC2 to host the compiled frontend build files and route API calls.
- **Backend Integration:** Packaged and deployed the Spring Boot JAR file configured with environment properties linked to AWS RDS.
- **End-to-End Orchestration:** Designed Kubernetes manifests and Jenkins pipelines for multi-environment scalability and container continuous delivery.

My Experience

1. **Application Engineer – UltraTech Cement Ltd (2024–2026)** - Managed production workflows and real-time monitoring tools for India's top Ready-Mix Concrete (RMC) manufacturer.
2. **Civil Technical Engineer – Sanbro's Spares Pvt Ltd (2023–2024)** - Delivered system support and technical onboarding for a specialized geotechnical solutions provider.
3. **Executive Infra – Muthoot Microfin Ltd (2023)** - Managed vendor coordination and end-to-end infrastructure provisioning to set up new corporate branch offices.
4. **Junior Engineer – Harshal Buildcon LLP (2022–2023)** - Supervised project workflows and vendor coordination for a major residential hostel construction project.
